Henry Aronofsky

Mechanical Engineering Undergrad at Harvard University

Cambridge, MA | henryaronofsky@gmail.com | linkedin.com/in/haronofsky | github.com/HenryAronofsky

EDUCATION

Harvard University — B.S. in Mechanical Engineering Aug 2024 – Feb 2028 (expected)
Cumulative GPA: 3.9 | Cambridge, MA

Saint Ann's School — High School Diploma Sep 2009 – Jul 2024

EXPERIENCE

Q&A Engineering Intern — Divergent May 2026 – Sep 2026

Researcher — Harvard Microrobotics Laboratory Aug 2025 – Present
- Design and optimize ocean exploration and bio-data recovery tools and systems

Course Assistant — Harvard SEAS Jan 2025 – Apr 2025
- Advised and taught students on their projects and homework, and helped run labs and office hours with the teaching staff
- Operated lathes, CNC machines, and other machine shop equipment

Design Engineering Intern — Nanotronics May 2021 – Sep 2023
- Designed and implemented software solutions and visualizations for bespoke product lines
- Developed a factory-efficiency tracking interface that was deployed at scale to clients

Software Intern — Nebula Mar 2019 – Mar 2021
- Developed full-stack web applications

Summer Camp Counselor — Tivoli Sailing Company Jan 2018 – Jul 2023

SELECTED PROJECTS

Bumblebee — Competition robot built with a team of five for Harvard ES51's Turf Wars; completed two full rounds with no technical failures.

EuroRackingIt — Fully analog 12-note piano built with a teammate for Harvard ES50 — no microcontroller, pure analog signal path from keyboard to audio output.

Jellyfish Motion Rig — Stepper-motor-driven rig built at the Harvard Microrobotics Laboratory to observe and record jellyfish movement for ocean-exploration research.

SKILLS

Software: Python, HTML/CSS, JavaScript, Angular

Engineering: OnShape, SolidWorks, COMSOL, milling, lathing

LEADERSHIP & ACTIVITIES

Double Bassist — Harvard Jazz Orchestra Sep 2026 – Present

Theater Technician — Harvard-Radcliffe Dramatic Club Feb 2024 – Present
